The site visits target both investors looking to invest in real estate directly and those interested in high yield investment products to familiarize themselves with how we support our high yields. Key to note is that our cost of capital is priced off the loan markets where all-in pricing ranges from 16.0% to 21.0% and our yield on real estate developments ranges from 23.0% to 25.0%, hence our top-line gross spread is about 6.0%. If interested in attending the site visits, kindly register here
- We continue to see very strong interest in our Private Wealth Management training (largely covering financial planning and structured products), which is at no cost, and is held bi-weekly, but is open only to pre-screened participants.
